Integrated Child Seat - Helping to protect your smallest riders.

No more lugging child seats across the bus yard every day. SafeGuard's versatile Integrated Child Seat eliminates the need for add-on restraints or child seats for younger children. Available for school buses, the SafeGuard ICS® offers the security of a built-in child restraint system with a five-point harness for children 22 to 85 lbs.

- Thin seat design allows for no loss of seat rows.
- Sliding shoulder height adjusters enable ICS to accommodate children of a wider range of heights than can be restrained in other integrated child seats.
- Designed to avoid touch-related issues.
- Maintains full compartmentalization.
- Booster seat cushion with replaceable pad folds under itself for added comfort, elevation, and cleanliness.
- Easy access and service to restraint systems and upholstery.
- Contains SafeGuard's SmartFrame® technology.
- CAPE® tested to meet or exceed all federal and state safety standards.

SafeGuard  ICS® NO MORE EXCUSES®

"The goal: A 3-point belt on Every bus for Every child." *Mark Rosekind, NHTSA*

The time has come for lap-shoulder belts on school buses, but where do school districts start? Field trips, school activities, and sporting events take school buses from quiet neighborhood streets to busy highways and interstates with speeds of 55 mph or more. With more risks should come more protection.

That's why your district's travel buses are the best place to begin with lap-shoulder belts.

Special Protection for Special Needs.

SafeGuard STAR Special Needs

STAR Special Needs offers the same protection as the standard STAR, with the extra support accessories to accommodate children with a wide range of special health care needs. The restraint easily adjust to provide support for children 25 to 105 pounds with torso heights up to 20 inches tall (torso height = seating position base to shoulder).

- Extra support features include an abductor, recline wedge, torso supports, height adjusters and adjustable headrests.
- Wraps around most any size school bus seat.
- Meets or exceeds all applicable federal and Head Start safety standards.

IMMI reminds you to always buckle up.
